

Death Was Not an Option!

This journal will take you on a two-year inspiring, spiritual, medical, nutritional, and emotional journey while we were finding stronger love and friendship between ourselves and the search for a cure for this insidious disease. Marcys courageous fight against this apocalyptic disease that cast away the Grim Reapers shadow that crossed our doorstep on seven different occasions has inspired a plethora of people. With this courage, she was still able to find a great deal of levity and humor in her battle. We found that laughter was a great medicine for the soul and spirit. For the next twenty-five months, there were fifty chemo treatments; different drugs, both pharmaceutical and naturopathic; and natural remedies from the Middle East, including teas, mushroom, and spices. No rock was left unturned, and no treatment or drug was not explored as an option; we educated ourselves about the disease and all the cures and contacted the top cancer institutes in the country, exploring any and all options.
