

Do You Love Me More Than Ice Cream?: The Valentine Letters

In his new book, *Do You Love me More Than Ice Cream*, author J.R. Williamson, Jr., makes himself vulnerable as he allows you, the reader, to share the unusual friendship between a teenage girl from Russia and himself, a married, middle-aged American who has no children. Written in the form of letters, the narrative is both painfully intimate and daringly honest. It explores the depths of the human soul and the limits of Gods grace. As events unfold in real-time, prepare yourself for an unexpected journey to the other side of the world, and to rethink what it really means to have a father-daughter relationship. *Do You Love Me More Than Ice Cream?* The answer lies within.
