

A Good Day (Lucy Collins Series) (Volume 1)

A gripping and brilliant first instalment of what promises to be a fantastic series. After her father's death, newly promoted Detective Constable Lucy Collins of the Metropolitan Police Service has had to move to the small town of Kennet in order to take care of her seriously ill mother. Kennet is a calm and quiet town which has recorded the lowest crime rates in the whole country for the past ten years, chances are, the most serious crime she is going to investigate is going to be some kind of anti-social behaviour; and her first day at Kennet Police Department is promising to be one of her most tedious days on the job. That's until she sets down the path of investigating a car crash which is believed to be nothing but an accident.
