

The English Citizen; The Electorate and the Legislature (Classic Reprint)

Excerpt from The English Citizen; The Electorate and the Legislature A writer who professes to describe the electorate and legislature of the United Kingdom is necessarily forced to travel over many chapters of the constitutional history of England. In doing so he has the advantage of clear guidance. The constitutional history of England to the feign of Henry VII. has been written by Mr. Stubbs; from the accession of Henry VII. to the death of George II. by Mr. Hallam; from the accession of George III. to the present time by Sir Erskine May. But the English Constitution has also been described by De Lolme and Lord Kussell in former generations and by Mr. Freeman and Mr. Bagehot in our own time. The precedents of proceedings in the House of Commons were collected more than sixty years ago by Mr. Hatsall. The law and practice of Parliament has been described in recent years by Sir Erskine May. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
