

The Mage Dissension (Records of The Keeper Book 1)

What sits on the minds of thinkers, both reactionary and revolutionary, as they proclaim their bold visions for the future? Is it the chaos of battling wits with each other? Is it the desire to see their opponent humbled before an audience? Or is it purely for survival through any means necessary? Among the occultists of The Fifth Coast, monumental thoughts such as these plague the traditionalist and isolation-prone factions of their elite, and on the other side are those who chart a bold course for the future of their people beyond ties of kinship to extend their hand to the world as well. What fate plays out for these two factions shall be marred in blood and death for many-a sure promise for all who their rhetoric concerns. But, the largest question for those ordinary folk caught in the games of mental titans must be Why?. This must surely drift through the minds of the many more so than not. Perhaps the time has come for these leaders to answer as the representatives and peoples champions that they make themselves out to be. Indeed, the time of words will soon stop and the faces of war will show themselves, for the nature of a mage is to be as blessed as they are terrible, and their words may be a testament to this, one way or another...
